

## GUIDELINE FOR DETERMINING THE RARITY OF A SOG KNIFE

Scale	Description	
<b>10</b>	<b>EXTRAORDINARY.</b> Serialized production less than 200, exceptionally unique, custom 1 of 1 models. Can be unknown to experienced collectors.	
<b>9</b>	<b>SPECIALTY/UNIQUE.</b> Serialized/limited edition production of 500 or less and prototypes.	
<b>8</b>	<b>VERY SCARCE.</b> Production limited to 1,000 or less. Typically only available from experienced collectors.	
<b>7</b>	<b>SCARCE.</b> Typically only available from collectors.	
<b>6</b>	<b>LIMITED DISCONTINUED.</b> Limited availability online, at shows, or between collectors.	
<b>5</b>	<b>DISCONTINUED.</b> Only available online.	
<b>4</b>	<b>UNCOMMON.</b> Discontinued. Difficult to find even at large retailers and online.	
<b>3</b>	<b>LESS COMMON.</b> Currently in production. Limited availability at many retail sources.	
<b>2</b>	<b>COMMON.</b> Currently in production. Only available at retailers with overstock.	
<b>1</b>	<b>VERY COMMON.</b> Currently in production. Easily available from multiple retail sources.	

**Note: RARITY <> VALUABLE.** For example, a "10" rated knife doesn't mean it's more valuable than an "8" rated knife. AN example would be a "10" factory custom Stingray with deer antler scales in comparison to an "8" rated Midnite Tigershark. The Midnite Tigershark is far more valuable.

## GUIDELINE FOR DETERMINING THE VALUE OF A SOG KNIFE
